

IT Department Restructuring

DataPro Inc. is growing, and so our workload is increasing. But our IT department is not dealing with this increase effectively. So I am dividing the IT department into three sections: **quality assurance, data processing and information security**. The responsibilities of each section are:

Quality Assurance

- Testing hardware
- Providing technical support

Data Processing

- Writing code
- Organizing data

Information Security

- Encoding online data transfers
- Updating security software

These changes are not simple or easy. But smaller groups deal with tasks more efficiently than larger ones. See your supervisors for your new section assignment.

Thomas Jenkins,
CEO DataPro Inc.

4 technical support

5 hardware

6 software

1 data processing

2 information security

3 online

Get ready!

① Before you read the passage, talk about these questions.

- 1 What is Information Technology?
- 2 What do Information Technology professionals do?

Reading

② Read the statement from the DataPro Inc. CEO. Then, mark the following statements as true (T) or false (F).

- 1 ☐ The IT Department is increasing.
- 2 ☐ Data Processing employees now encode data.
- 3 ☐ Supervisors know the employees' new assignments.

Vocabulary

③ Match the words (1-10) with the definitions (A-J).

- | | |
|---|--|
| 1 ☒ software | 6 ☐ online |
| 2 ☐ code | 7 ☐ technical support |
| 3 ☐ hardware | 8 ☐ data |
| 4 ☐ data processing | 9 ☐ quality assurance |
| 5 ☐ information security | 10 ☐ encoding |

A putting secret information into code

B the physical parts of a computer

C connected to the Internet

D numbers entered/held in a computer

E checking products for problems

F the act of using information

G programs/instructions added to computers

H helping people use/understand technology

I program language

J the act of protecting information

- 4 Fill in the blanks with the correct words from the word bank.

Word Bank

data quality assurance encoding

- Enter the data into the computer.
- The company uses encoding to protect information.
- Quality assurance finds and fixes problems in new products.

- 5 Listen and read the statement from the DataPro Inc. CEO again. Which section is responsible for helping people to understand technology?

Listening

- 6 Listen to a conversation between a DataPro Inc. employee and her supervisor. Choose the correct answers.

- 1 What is the dialogue mainly about?

- A asking for a raise
- ☒ B requesting a transfer
- C assuring product quality
- D improving hardware

- 2 What can you infer about the employee?

- ☒ A She does not like her new section.
- ☒ B She has experience with hardware.
- C She does not understand the changes.
- D She creates valuable software.

- 7 Listen again and complete the conversation.

Employee: Excuse me, Mr. Hopkins? I have a

Hopkins: Please, come in. What's your question?

Employee: Well, I'm now in the 2 Quality Assurance section.

Hopkins: Yes. You have a great understanding of hardware.

Employee: Thanks, but I have more experience with 3 information security.

Hopkins: I see. You want a 4 transfer then? I feel that I'm more valuable there.

Employee: Exactly. I feel that I'm more valuable there.

Hopkins: Let me 5 think it over.

IT > Software about

Speaking

- 8 With a partner, act out the roles below, based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

- I have a question about ...
- I'm in the Quality Assurance section.
- I have more experience with ...

Student A: You are a supervisor. Speak with Student B to find out:

- current section
- desired section
- reason

Student B: You are an employee. Answer Student A's questions.

Make up a name for your supervisor.

Writing

- 9 Use the conversation from Task 8 to fill out the transfer request.

Transfer Request

Employee's Name:

Jason Scott

Supervisor's Name:

Mr. Thompson

Current Section:

Data Processing

Requested Section:

Quality Assurance

Reason for Transfer Request:

More experience in

testing hardware and

providing technical

support.

Get ready!

1 Before you read the passage, talk about these questions.

- 1 What kind of computers do you use?
- 2 What do you use computers for at work?

Reading

2 Read the email about computers available at TEI Inc. Then, choose the correct answers.

- 1 What is the email about?
A the types of work employees do
B computers that the company sells
C what computers the company uses
D the installation of a server

2 According to the passage, employees use laptops when they ____.

- A respond to email
- B work on spreadsheets
- C process the largest files
- D work outside of the office

3 Which of the following is NOT true?

- A The company has a mainframe.
- B Employees get email on their cell phones.
- C All employees receive desktop computers.
- D The desktop computers are faster than the workstations.

Vocabulary

3 Read the sentence and choose the correct word.

- 1 My (PDA / mainframe) notifies me when I have a meeting.
- 2 I have a (laptop / supercomputer) to do work on the plane.
- 3 John has a (server / desktop computer) because he only uses simple programs.
- 4 This (computer / server) runs programs, but doesn't have Internet access.
- 5 A (workstation / handheld PC) is smaller than a laptop, but still has a keyboard.
- 6 Connect to the (server / PDA) to use that printer.
- 7 A (supercomputer / handheld PC) is the most powerful machine in the world.

4 Match the words (1-3) with the definitions (A-C).

- 1 B workstation 3 C cell phone
2 A mainframe

- A large and powerful computer that supports many other computers working at once
B fast computer that is used by one person and has more memory than an ordinary personal computer.
C a device that makes and receives calls

5 Listen and read the email about computers available at TEI Inc. again. Why do some employees not use a desktop?

Listening

6 Listen to a conversation between an IT professional and a new employee. Choose the correct answers.

- 1 Which of the following computers are NOT shared by employees at TEI Inc?
A the server C laptops
B workstations D desktop computers
- 2 According to the dialogue, employees use the server to _____.
A open programs
B reserve workstations
C log onto desktop computers
D borrow laptops

7 Listen again and complete the conversation.

- A: Here's your new office. Jon works in here, too.
B: So, everyone has their own 1 desktop computers. Do we have laptops?
A: Yes. That's your computer there. Laptops are in the 2 IT department.
B: Okay, but I also need a 3 workstation.
A: Right, you work on some powerful programs. Those are next door.
B: Do I sign up to use them? I mean, how do I get access to one?
A: Just 4 log on to the server. All computers connect to it. Then, click "5 reserve workstation".
B: Thank!

Speaking

8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

Ok, but I also need a workstation.
How do I get access to one?
Then click 'reserve workstation'

Student A: You are a new employee. Ask Student B questions about:

- what computers they have
- where the computers are
- how to access computers

Student B: You are an IT Professional. Answer Student A's questions about the computers.

Writing

9 Use the conversation from Task 8 to fill out the notes.

TEI Inc.

Computers & Locations

1. _____: Every employee has one in their office.
2. _____: These are available in the IT department.
3. Server: All computers _____
4. _____: Log on to the server to reserve these.

3 Joey purchased a protective bag for his computer. case

4 Can the coded disk reader play DVDs? دليل

5 Listen and read the technology guide about computer assembly again. What should be hooked up to the motherboard?

Listening

6 Listen to a conversation between a technology support specialist and a customer. Mark the statements as true (T) or false (F).

- 1 ☒ The woman replaces the disk drive.
- 2 ☒ The woman disconnects the power supply first.
- 3 ☒ The hard drive connects to the motherboard.

7 Listen again and complete the conversation.

Support Specialist: Technology Support, Ivan speaking. How can I help?

Customer: I have an old 1 hard drive and need help taking it out.

Support Specialist: Okay. Unplug the connection to the power supply first. Then, motherboard disconnect the 2 power supply cable.

Customer: Which one is the 3 smaller black box in the corner?

Support Specialist: It's the smaller black box in the corner.

Customer: I'm 4 unplugging both. What's next?

Support Specialist: Next, take out the two small screws. They fasten the hard drive to the 5 case.

Customer: I see, and then it slides out. Thanks!

Speaking

8 With a partner, act out the roles below, based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

- I need help taking out ...
- Disconnect the ...
- What is the next step?

Student A: You are a customer. Ask Student B questions about:

- taking out an old hard drive
- the power supply
- the next step in dismantling the old hard drive

Student B: You are a Support Specialist. Answer Student A's questions about dismantling the old hard drive. Make up a name for the specialist.

Writing

9 Use the conversation from Task 8 to fill out this feedback form. Invent names where necessary.

SoltTouch Touch Screen

The touch screen allows input without a keyboard and is programmable for many uses.

\$280

Get ready!

① Before you read the passage, talk about these questions.

1 How do computers receive information from users?

2 What devices can you attach to computers?

6 microphone

Vocabulary

③ Match the words (1-5) with the definitions (A-E).

- | | |
|-------------------------------------|---------------------------------------|
| 1 ☐ keyboard | 4 ☐ microphone |
| 2 ☐ mouse | 5 ☐ monitor |
| 3 ☐ scanner | |

A a device that reads images and sends them to a computer

B a device that displays images

C a device that enters information into a computer

D a device that gathers sounds

E a device that is used to control a pointer or cursor

Reading

② Read the advertisement from a computer parts catalogue. Then, mark the following answers as true (T) or false (F).

- ☐ The keyboard has a wireless connection.
- ☐ The LCD monitor does not require a lot of room.
- ☐ The touch screen comes with a keyboard.

Barad Alqadi

4 Check (✓) the sentence that is true.

- 1 ☐ A A keyboard reads documents. *Incorrect*
- ✓ 1 ☒ B A USB cable connects computers and devices.
- 2 ☐ A A peripheral is the main part of a computer.
- ✓ 1 ☒ B A printer creates documents and pictures.
- ✓ 3 ☒ A An input device enters information.
- ☐ B A microphone creates sounds.
- 4 ☐ A A monitor inputs sound. *X*
- ✓ 1 ☒ B A touch screen does not need a mouse.
- 5 ☐ A A scanner displays pictures and words. *X*
- ✓ 1 ☒ B A peripheral is a device that is added to a computer. *correct*

5 Listen and read the advertisement from a computer catalog again. What is a USB used for?

Listening

6 Listen to a telephone conversation between an employee and a business owner. Check each item that the employee suggests.

- | | |
|--|---|
| 1 ☐ Monitor | 4 ☐ Mouse |
| 2 ☒ Touch Screen | 5 ☒ Printer |
| 3 ☐ Keyboard | 6 ☐ Scanner |

7 Listen again and complete the conversation.

- A: Computers International, can I help you?
- B: Yes. My firm's computer system needs an upgrade *used*
- A: What type of business is it?
- B: A restaurant. Here's the problem. Customer's orders take too long to enter *enter*
- A: Then, I suggest our new touch screens *touch screens*
- B: You just move the data on the screen with your fingertip.
- B: That sounds good. I want to create menus, too. Do you have 4 *4* for that? *Peripherals*
- A: Well, I recommend a new 5 printer *printer*. The new ones print as well as a professional service.
- B: Great. Let's talk about prices.

Speaking

8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

My computer system needs an upgrade.
What type of business is it?
I suggest our -

Student A: You are an employee helping a business owner who needs an equipment upgrade. Ask Student B:

- what he or she wants
- his or her type of business
- types of peripherals needed

Student B: You are a business owner. Ask the employee for help with a computer upgrade.

Writing

9 Using the conversation from Task 8, fill in your feedback on the form.

COMPUTERS INTERNATIONAL
Customer form

- 1 Was our employee helpful? Y / N
- 2 Did our employee make suggestions? Y / N
- 3 What products were you interested in? _____
- 4 What peripherals did our employee recommend? _____

Get ready!

① Before you read the passage, talk about these questions.

- 1 What are some components of a computer network?
- 2 How does a computer network help a business?

PC Tech

Vol 29, No. 3

Solutions for Networking Network Troubleshooting

People often call IT professionals about network connection problems. But many problems are easy to fix without help. First, reconnect any loose CAT-5 cable connections. Next, investigate IP address issues. This group of numbers allows communication on the Internet. Renewing your DHCP fixes most IP problems. Next, check the router. The router links LANs to the Internet. Make sure the router's configuration is correct. WLANs have other problems. Interference often blocks their wireless signals. But there is a simple solution. Just move the router away from walls and metals. Finally, cycle the network. Turn all equipment off for a full minute and then restart.

Reading

② Read the article about networks. Then, choose the correct answers.

- 1 What is the main idea of the passage?

- ☒ A how to set up a network
- ☒ B correcting network problems
- ☐ C choosing network equipment
- ☐ D a comparison of LANs and WLANs

- 2 What can you infer from the passage?

- ☒ A A computer is not functioning during a cycle.
- ☐ B LAN routers do not work well near walls or metals.
- ☐ C Interference impacts a router's configuration.
- ☐ D Renewing an IP address fixes DHCP errors.

- 3 According to the passage, a LAN ____.

- ☒ A assigns IP addresses
- ☐ B requires a router
- ☐ C links CAT-5 cables
- ☐ D cycles a network

Vocabulary

③ Fill in the blanks with the correct words or phrases from the word bank.

Word Bank

DHCP CAT-5 cable router network
cycle WLAN Internet configuration

- 1 The router lets a network connect to the Internet.
- 2 A LAN is a type of network.
- 3 Businesses communicate on the Internet.
- 4 We do not use cables for our network. We have a WLAN.
- 5 Routers need a correct configuration to work properly.
- 6 Businesses with a LAN use CAT-5 to connect computers.
- 7 It is sometimes necessary to cycle a network to make it work.
- 8 The DHCP provides different IP addresses for computers.

4 Choose the best definition for each word.

- 1 router
A a part of a computer
B a wireless network
C a networking device
- 2 IP address
A a city-wide network
B an identification number
C a networking device
- 3 LAN
A a local network
B a networking device
C a wireless network

5 Listen and read the article about networks again. What could help a user having problems with an IP address?

Listening

6 Listen to an IT professional talking with a customer about setting up a network. Choose the correct answers.

- 1 What does the woman want to buy?
A a LAN
B a WLAN
C a router
D a CAT-5 cable
- 2 Why does the woman choose a wireless network?
A She does not have CAT-5 cables.
B Her computers are not close to each other.
C She does not like her present network.
D Her router doesn't support a LAN.

7 Listen again and complete the conversation.

IT Professional: Hi. Can I help you find something?
Customer: Oh, please. I need a 1 router
IT Professional: Well, there are a few types. What kind of network 2 do you have?
Customer: I don't have one yet, but it's for the computers in my home.
IT Professional: Do you want a LAN or a WLAN? Some routers don't 3 both types.
Customer: What's the difference? support
IT Professional: A WLAN connects computers wirelessly. A LAN connects computers with CAT-5 cables.
Customer: My computers are far 5 apart. I'd need a WLAN.

Speaking

- 8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

Can I help you find something?
Do you want a LAN or a WLAN?
A WLAN connects computers wirelessly.

Student A: You are a computer store employee. Your customer needs a router. Ask Student B:
• the equipment he or she needs
• type of network she uses

Student B: You are a customer. Answer Student A's questions to choose a router and network.

Writing

- 9 Using the conversation from Task 8, fill in the network description sheet.

New Description

Location of network: customer's company
Type of network: doesn't have one yet
Components needed: WLAN router

The New C|C|C OPERATING SYSTEM

Welcome to the CCC (OS) Review these key terms before starting your new system

Icons: The CCC graphical user interface (GUI) uses icons. These pictograms are on the desktop. They represent files and software.

Pointer: Use the pointer to click on icons. This opens files or starts software. The pointer also drags files to different folders.

Shortcuts: Shortcuts are special icons. They are placed on the desktop, and you can click them to get to a program quickly.

Folders: Store your files in these icons.

Windows: Visual areas on a computer screen where different programs are operating.

Minimize: Hide windows without taking them off screen.

Maximize: Extend windows to the full width of the screen.

Menu: Each window has a menu. Click it to select a command from the list.

Get ready!

- Before you read the passage, talk about these questions.
 - What is a User Interface?
 - How does a User Interface make computing easy?

Reading

- Read the Introduction to the operating system manual. Then, choose the correct answers.

1 What is the main idea of the passage?

- A where to locate shortcuts
- B the advantages of the CCC OS

2 How to identify and use parts of the OS

- D types of operating systems available

- What can you infer about this operating system?

- A It comes with free software.
- B Files have to stay in one folder.

3 According to the passage, what does the pointer (NOT) do?

- A move files
- B open menus

4 According to the passage, what does the pointer (NOT) do?

- A start software
- B minimize windows

Vocabulary

- Fill in the blanks with the correct words and phrases from the word bank.

Word Bank

- icons
- desktop
- operating system
- pointer
- windows
- GUI

1 Use the pointer to choose files and commands.

2 Small pictures or symbols in software are icons.

3 The operating system is the program that makes a computer work.

4 When something is on the desktop, you see it onscreen.

5 An OS that uses small pictures to represent files is a GUI.

6 You can minimize files and programs in different windows.

GUI

السؤال

The user Interface is The Point of

تعارف

4 Choose the best definition for each word.

1 Drag

A save an icon

B close a desktop

2 Folders

A organize files

B move windows

3 Shortcut

A a type of software

B a type of icon

5 Listen and read the introduction to the operating system manual again. Why would someone use a shortcut on their GUI?

Listening

6 Listen to a customer calling the help line about the operating system. Choose the correct answers.

1 What is the dialogue mainly about?

A Saving files

B Organizing icons

C Finding shortcuts

D Locating folders

2 The customer does not know where to find the ____.

A icons

B desktop

C pointer

D options menu

7 Listen again and complete the conversation.

A: Hello, CCC Solutions. What do you need help with today?

B: Well, it's my 1 desktop. I add a shortcut one day, and it's gone the next.

A: Oh, no problem. Just 2 save them to the desktop.

B: Okay. How do I do that?

A: First, add the shortcuts. Then, move the pointer to the 3 options menu and click 'save icons and folders'.

B: Options? 4 12M Sally, where is that?

A: See the 'CCC' icon in the corner? 5 Right-click that.

B: Got it. 6 Thanks

Speaking

8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

The shortcut is gone.

Click 'save icons and folders'.

Where is that?

Student A: You need help with the new operating system. Ask Student B questions to find out how to:

- save icons
- open menus

Student B: You provide technical support for operating systems. Answer Student A's questions.

Writing

9 Using the conversation from Task 8, fill in the how-to sheet for the operating system.

CCC OPERATING SYSTEM

5 word processing program

fixstyle

Get ready!

1 Before you read the passage, talk about these questions.

- 1 When do people use word processing programs?
- 2 What kinds of word processing programs are there?

Reading

2 Read the advertisement for a new word processing program. Then, mark the following statements as true (T) or false (F).

- 1 F Macros determine the layout of a document.
- 2 F TypeWrite 4.0 features customizable fonts.
- 3 T Not all file formats work with TypeWrite 4.0.

المسوحة ضوئيا بـ CamScanner

Vocabulary

3 Fill in the blanks with the correct words and phrases from the word bank.

word bank

1 Use a macro to type out phrases that you use a lot. *
2 My file won't open in other programs due to a compatibility problem.
3 Instead of writing by hand, use a word processing program.

4 This file is in a format that doesn't open in TypeWrite.

5 Save each document with a different name so you have a copy of each.

6 The letter's font is wrong. The heading is in the wrong place.

7 Increase the font size to make the file easier to read.

8 Most word processors offer a spell check to help you find mistakes.

الممسوحة ضوئيا بـ CamScanner

اختار الكلمة الأقرب في المعنى الجزء الذي تكتبه

4 Choose the word that is closest in meaning to the underlined part.

- The style you use for this document makes it hard to read.
A macro B formatting C compatibility
- To write a business letter, use the appropriate document pattern.
A word processing B compatibility C template
- She did not think that her typing command was saving her any time.
A formatting B macro C template

6 Listen and read the advertisement for a new word processing program again. What does the advertisement say about compatibility problems?

Listening

6 Listen to a conversation between an IT professional and a computer user. Choose the correct answers.

- What is the dialogue mostly about?
A how to open a file
B common word processing errors
C types of word processing programs
D ways to change file formats
- What solution does the IT Professional suggest?
A buy the TypeWrite program
B download the file and try again
C get the file in a different format
D ask the client to send a program

7 Listen again and complete the conversation.

IT Professional: Technical Support, can I help you? → Problems with
User: Yes, I have a 1 word problem.
IT Professional: Okay. What seems to be wrong?
User: I have a file from a client, but it won't 2 open
IT Professional: What kind of file is it? And what program are you using?
User: It's in 'tpw' 3 format use Typing Suite.
IT Professional: Oh, that's a TypeWrite file. It isn't 4 compatible with Typing Suite.
User: Oh no. I need that 5 information
IT Professional: Have the client send it as a 'txt' file. That opens in most 6 programs
User: Great, thank

Speaking

8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

Can I help you?
What seems to be wrong?
That file isn't compatible.

Student A: You are an IT Professional. Ask Student B questions to find out:

- the problem
- what program
- file format

Student B: You are a User. Answer Student A's questions.

Writing

9 Use the conversation from Task 8 to fill in the email. Make up a name for the user.

Dear _____
Thank you for sending the _____
document, but _____
in the wrong _____
processing program is _____
isn't _____ with the program
you're using which is TypeWrite
Please send me the file in a txt
format. It _____ most programs.

B.BROWN Inc. for New Employee Email Accounts

Welcome to T.B. Brown Industries. Please create your company email account immediately. Follow these steps:

1. Open our email client software. It sends and receives emails. It also stores them on your computer.

2. Click "Add account".

3. Enter your new email address. Use your first and last name with our domain name

(firstname.lastname@tbbrowninc.com).

4. Enter our POP3 server for incoming email: pop.quicktel.net

5. Enter our SMTP server for outgoing email: smtp.quicktel.net

6. Enter your Username and Password.

Our ISP provides one account per employee. It is for company communications and attachments only. Use a webmail provider for personal email.

Get ready!

1 Before you read the passage, talk about these questions.

1 How is email helpful to people and businesses?

2 What are some problems with email?

Reading

2 Read the excerpt from the employee handbook guide at T.B. Brown Inc. Then, mark the following statements as true (T) or false (F).

1 - The company uses a POP3 server to receive email.

2 The company provides webmail for all employees.

3 All employees have multiple company email accounts.

4 - جميع الموظفين لديهم حسابات إلكترونية.

5 - ليس لدى الموظفين صندوق إلكتروني.

Vocabulary

3 Match the words (1-5) with the definitions (A-E).

SMTP = Simple Mail Transfer Protocol

4 Choose the word that is closest in meaning to the underlined part.

1 That company that provides access to the Internet has very good service.

A ISP B email address C username D I use an email service available on web browsers, so my emails are not saved on my computer.

A POP3 B webmail C ISP

3 Enter your code that identifies you on a computer and press 'enter'.

A username B webmail C POP3

4 Most people use a method to receive emails from a server to get their email.

A email address B POP3

5 Listen and read the excerpt from the employee handbook guide at T.B Brown Inc. again. What must be included with the user name when setting up the email address?

Listening

6 Listen to a conversation between a QuickTel employee and a customer. Choose the correct answers.

1 What are the speakers mostly talking about?

A how to create a new email address

B why a customer is not pleased with QuickTel

C when to enter a username and password

D what's wrong with a customer's email

2 Which of the following is NOT a potential cause of the customer's problem?

A username

B password

C POP3 settings

D webmail account

7 Listen again and complete the conversation.

E: Thanks for calling QuickTel. How may I help you?

C: Well, I'm a new customer, and my 1 email address isn't receiving mail.

E: Okay. Do you have the correct 2 _____ and 3 password?

C: Yes. Those work fine.

E: Okay, do you have a 4 webmail account or an email client?

There are some common mistakes with those.

C: An 5 email client. Does that matter?

E: New customers often make mistakes with the 6 POP3 settings. The correct server is POP QuickTel.net.

C: Oh, that's it. I have Pop QuickTel.com. Thanks.

Speaking

8 With a partner, act out the roles below based on Task 7. Then, switch roles.

USE LANGUAGE SUCH AS:

My email address isn't receiving mail.

Do you have the correct username and password?

Does that matter?

Student A: You are a QuickTel employee. A customer has a problem with his or her email. Find the problem. Ask Student B:

- username
- password
- POP3 server

Student B: You are a customer. Answer Student A's questions.

Writing

9 Use the conversation from Task 8 to complete the Troubleshooting Guide.

QuickTel
